TRANSPORTATION SERVICES

TRANSPORTATION IS MORE THAN A BENEFIT

IMAGINE

We have the availability to transport 365 days per year. In the middle of the night, weekends and even holidays.

Keeping your law enforcement officers in town to serve your communities. Saving time for DHS, JCS, and CSS getting people to their destination and communities.

Providing safe & secure transports across Iowa or anywhere in the US.

REQUIREMENTS

Transports must be court ordered from a judge or referred by DHS for juveniles. Court committal orders are needed for voluntary and /involuntary mental health transports for adults and youth.

All pick-ups need to be in a public place or accompanied by law-enforcement, probation officer, or case manager. If pick up is needed at the client's home, two drivers will be needed or the case manager can ride along.

TRANSPORTATION

We transport clients referred to the Adult Crisis Stabilization Center from hospitals all over the northern region of Iowa.

Transportation is also provided for last minute pickups, appointments, placements, doctor visits, therapy, and court hearings.

REFERRAL

All transport referrals are set up by JCS DHS CSS or Law Enforcement Agencies.

Court orders can be faxed or e-mailed to samnijds@yahoo.com.
